

Dear Property Owner:

Quality housing is a key component of a vital community. Preserving our housing stock, maintaining property values and ensuring our housing is healthy and safe benefits not only individual homeowners, but also the community at large.

Each year the City of Anoka receives hundreds of calls from its citizens with property maintenance concerns. In response to these inquiries, we have prepared this checklist as a guide to the basic, but important city laws about exterior housing, building and property maintenance. This checklist is provided as a guideline for citizens to use in evaluating their property.

The City of Anoka invites you to measure your home and yard against this checklist. If any of your answers are "No" there may be a violation of Property maintenance ordinances.

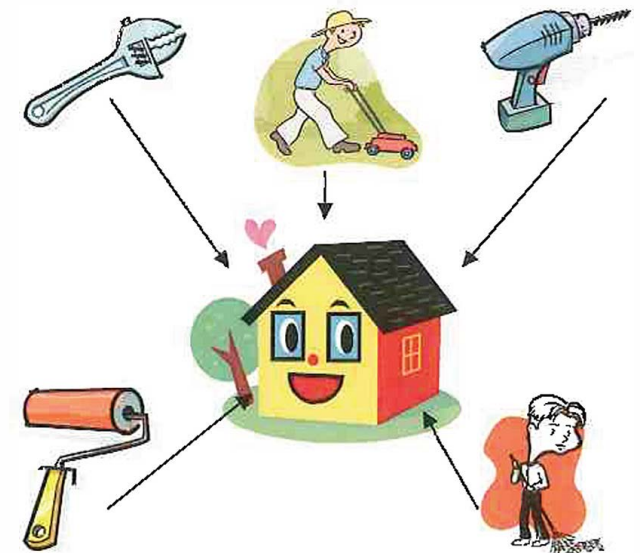

If you have any questions regarding Housing, Building or Property Maintenance please contact the Property maintenance coordinator at 763-576-2716

**THANK YOU FOR YOUR INTEREST IN PRESERVING OUR HOUSING STOCK AND MAINTAINING QUALITY NEIGHBORHOODS.**
